RE: California's Proposition 65

Boose at Cornwall is fully committed to continually improving our customer service, manufacturing, quality control, and QMS objectives. Our goal is meet or exceed all internal and external regulations while exceeding our customer's expectations. This desire includes providing our customer's with product compliant to California's Proposition 65.

Aluminum sand castings found in an as cast condition are considered articles and therefore do not pose a physical hazard or health risk to employees or consumers. However, as with all aluminum castings, they may contain trace amounts of chemicals listed on the California Proposition 65 list that are known to cause cancer, birth defects or other reproductive harm. None of the listed substances are intentionally added to our castings. For more information, please refer to our Safety Data Sheets.

A handwritten signature in black ink, appearing to read 'Paul Snyder', is written over a light purple rectangular background.
